MEMORANDUM FOR: Chief, Intelligence School

SUBJECT : Weekly Report #33  
13 - 19 August 1958

1. A successful trial run of an unusual management training problem was conducted on 13 August. Sixteen individuals from ten different areas of the Agency, all in the GS 14 - 15 category, cooperated in the venture. The material, which was obtained through the A&E Staff, is known as the "In-Basket" problem. It recreates a series of actual managerial day-to-day situations. All the participants in the exercise indicated great interest in the device. Its potential for Management Training courses is considered excellent.
